PROFILE

Full Stack Developer with 4.5 years of experience in developing web applications using React, InertiaJS, PHP (Laravel), and MySQL. Skilled in frontend technologies like HTML5, CSS3, Tailwind CSS, and JavaScript. Familiar with Git, Agile/Scrum, and basic project management. Strong problem-solving and critical thinking abilities.

WORK EXPERIENCE

Luilala

Mar 2024 - Mar 2025

Frontend Web Developer

Created and sustained responsive user interfaces utilizing React, InertiaJS, Tailwind CSS, HTML5, and JavaScript. Worked alongside backend developers to integrate RESTful APIs and facilitate seamless frontend-backend communication. Enhanced UI components for improved performance, accessibility, and mobile responsiveness. Engaged in daily Agile/Scrum meetings, contributing to sprint planning and code reviews. Employed Git and GitHub for version control and collaborative development.
